Golf Course Restaurant Lease – Action Item
President Fries called on Mr. Max Baca to present the golf course restaurant lease.

Mr. Baca reported meeting with Mr. Juan Ortiz, RFP top bidder and owner of El Fidel Restaurant, to negotiate the lease. The lease was reviewed and approved by NMHU legal counsel. Mr. Baca highlighted key areas of the lease:

- The dining room, kitchen, storeroom, washroom, outer deck, and the shed will be rented to Mr. Ortiz.
- Kitchen equipment, Mr. Ortiz feels can be utilized by his restaurant, will also be rented to him.
- The lease is three-year lease with year-to-year lease extensions up to eight years.
- The amount of the lease, listed in the RFP, is for $1,800/month for rent with a $200/month fee for the lease of the NMHU liquor license.
- A percentage of gross sales will go to the university once sales reach $400,000, which will scale up with increasing sales.
- Uniforms, utilities, gas, and equipment repairs will be paid for by the lessee.
- No arbitration clause was written into the lease and the lease can be canceled by either party with written notice.
Mr. Baca reported there were still a few items under negotiation such as the cleaning of the facility and use/non-use of the NMHU Liquor license.

Regent Sanchez asked if there was a yearly rental increase over the three year contract and when the lease would begin. Mr. Baca responded that the lease is for a fixed fee for the duration of the contract. The lease would become effective upon lease signing.

Regent Long asked for clarification on the lease items still under negotiation. Mr. Baca pointed out two items under negotiation: first lease payment due date; contract modifications to have payments due on a quarterly basis rather than a monthly basis; and the alcohol service; the university wants to ensure that the language in the lease indicates that the university has the right to instruct Mr. Ortiz and staff to stop serving alcohol. Mr. Ortiz requested a provision that would require a written notice for him to cease serving alcohol in the event of an infraction. A concern regarding the use of hairnets was modified to comply with state regulations.

Regent Marchi asked for the restaurant hour’s operation. Mr. Baca informed the Board that as per the restaurant services RFP, the hours of operation would be 6am – 8pm to support the golf course during the hours of operation. Mr. Ortiz has requested the option of hours of operation extension if needed to increase sales. President Fries noted that the verbiage in lease indicates that minimum days and hours can be modified by a written agreement.

Regent Martinez had no questions.

Regent Sanchez asked if a security deposit was required. He also asked why the university was asking for quarterly lease payments rather than monthly payments. Mr. Baca responded that it was easier for Mr. Ortiz to quarterly payments pay in advance. Regent Sanchez noted that advance quarterly payments would be best for the university. Mr. Baca informed the Board that no security deposit is being required however, the lease stipulates that Mr. Ortiz is responsible for any damages and necessary repairs to the premise and equipment subject to normal wear and tear. The first quarterly payment is due by September 30, 2014. Payments will be due at the start of each quarter.

Chairman López asked why the initial lease was for three years; he pointed out that this was the university’s first venture in this regard and has no experience with this type of contract and that perhaps a lesser term would benefit both the university and Mr. Ortiz. His second concern was the termination provision of the contract as listed in section 7.07-F of the lease agreement; the termination of convenience, as is, has one omission. Chairman López wanted to know what the percentage of the direct costs owed to Mr. Ortiz would be if the university terminated the lease for convenience within the first year. Mr. Baca reported that Mr. Ortiz has not provided a plan for any tenant improvements, therefore, there would be no direct costs. Chairman López recommended that all the aforementioned language be omitted from the lease so that the termination clause is a “stand-alone termination for convenience” clause. Chairman López proposed a 60 day notice of termination in place of the 120 day notice of termination. President Fries stated that it would be in the university’s best interest to have a 120 day termination notice for the reason that getting a new business off the ground takes time. It would be unfortunate to terminate the lease before the four months. He added that Mr. Ortiz is an
experienced established business owner and that he would like to see the vendor contracted long enough to get the business up and running.

Chairman López asked who prepared the lease agreement. Mr. Baca informed the Board that NMHU’s legal counsel, Cuddy & McCarthy, developed the lease.

Regent Sanchez stated that a three-year lease was too long; a security deposit or a quarterly payment in advance should be required. Regents agreed with Regent Sanchez’ recommendation.

President Fries asked the Board to consider authorizing the administration to move forward with the lease agreement subject to securing an agreement with the lessee that would include a security deposit equivalent to one month’s rent; initial lease term of one-year with the additional years of extension; and the simplified terms of cancelation clause as was discussed earlier in the meeting.

Chairman López called for a motion to authorize President Fries to proceed with finalization of the lease agreement on the condition that the contract include the following changes: providing for a one-year term; requiring a security deposit; and writing a termination for convenience which is stand-alone without any percentage going to the lessee. Regent Martinez so moved. Regent Long seconded. Voting in favor were: Regent Long, Regent Marchi, Regent Martinez, Regent Sanchez, and Chairman López. Motion passed unanimously.
